

CELSI 
...the future of fire

PREMIUM ELECTRIC FIRES COLLECTION 2024

WELCOME TO CELSI

At Celsi we know how important it is to create a stylish and relaxing living environment. That's why we've developed this collection of premium electric fires.

I believe our success stems from a combination of innovative design, investment in technology and the highest quality manufacturing standards. To reflect my belief in their quality and durability, Celsi fires carry a minimum of 2 years guarantee, with some models extended by a further 3 years warranty.

This brochure has been designed to make the purchase of your new Celsi heater as simple as possible. I hope you find it both informative and inspiring.

Richard Jones

There is no more versatile fuel for home heating than electricity

With a range that includes beautifully crafted electric suites, feature wall smart fires, classically styled hearth inset fires, and contemporary stove designs, there is a Celsi fire to suit any home. Best of all you are free to enjoy any of these fantastic heating appliances in any room in your home simply by plugging into the nearest mains socket.

To learn more about the features and benefits of owning a Celsi electric fire please sit back and take a few moments to look through our Advanced Features section, along with our technology introduction to assist you in choosing your perfect Celsi fire experience.

ADVANCED FEATURES

THERMOSTATIC HEATING

Pre-set your heat comfort level for automatic temperature control via the handset.

TIMER FUNCTION

Programmable 7-day heating timer with hourly on/off control. Up to 8 hrs sleep timer facility available on some models.

LED EFFICIENCY

Flame picture, fuel bed brightness, mood lighting, our onboard LED's ensure effective energy saving low power consumption.

ISOFLAME

Independent flame effect capable of displaying in isolation when no heat is required from the appliance.

REAL WOOD

100% Real Wood Logs, natural, authentic, and unique. Accept no imitations!

FLAME FUSION

A captivating fusion of soft and natural yellow flames with an attractive flare of blue flame intensity.

COLOUR CYCLE

Fix your favourite or go dynamic as you cycle through an array of impressive colour changing options.

COLOUR SMART

16 colour vibrant presets with 100+ options to customise the light ambience on flames, logs, and ember beds.

MOOD LIGHTS

An ambient stream of colour-rich LED back lighting. Colours to compliment warm and cool interiors, or simply to suit your mood.

CELSI SMART APP

Control your Smart fire or stove from your phone or tablet with full handset functionality. Voice control Alexa and Google Assistant compatible.

Visit App Store or Google Play Store

Scan QR code to download app.

5 year warranty provides 2 years full guarantee and 3 years parts only. Only applicable to electric fire engines.

Fire Surrounds and Fascias are subject to 12 months guarantee.

Compliance with Electrical Energy Rated Product (ERP) Integrated design features for optimal energy saving performance and assurance.

Conformity assessed and certified UK & EU

SMART FUNCTIONALITY

ELECTRIFLAME VR / ULTIFLAME VR / HOLOGRAM®3D

Our next generation smart technology is now available across a wide range of product categories, from 3-sided built-in fires, Limestone and Premier board suites, through to wall inset fires and stoves. The functionality and control of these electric models are most impressive, and best of all they are visually stunning.

COLOUR

Enjoy 16 pre-set ambient colour modes, and over 100+ multi colour combinations to customise the light ambience on flames, logs, and ember beds. To simplify your choice why not relax with a slow cycle through the colour spectrum in our fully immersive Animation mode.

CONNECTIVITY

Get connected with our feature-rich and simple to operate smart app. Available to download on the App Store, or get in on Google Play!

CONTROL

Control your fire from your smart phone or tablet with full handset functionality. Further applied smart technology allows you to voice control your fire using Amazon Alexa and Google Assistant.

Scan the QR code to download our app

CONFIGURATION

Our range of built-in 3-sided glass models offer the perfect solution for your feature wall. Available in three sizes 1000, 1250, and 1600mm.

E-VR Commodus Smart fires are supplied with side blanking panels giving you the option to customise your installation by converting from a 3-sided fire, to a 2-sided left or right configuration, or to simply install as a single glass fronted wall inset fire.

U-VR Evora Asencio S. Wall inset. Page 91

Controllable LED lights positioned above, beneath, and behind the fuelbed creates an illusion of hot embers, burning logs, and tall ascending flames that deliver a real fire experience. These lights operate with 16 preset colour selections, advanced automatic hue cycle, or custom interactive personal choice from 100+ colour preference on flames, logs, and ember bed.

CELSI SMART APP

Feature-rich and simple to operate. Control your fire from your smart phone or tablet with full handset functionality.

The Holographic Im-Mesh 3D technology offers an extensive number of colour options and combinations. Explore dancing flame witchery and smouldering logs with Living Ember Bed Technology, a desirable effect at the forefront of the electric stoves market.

This exciting new generation of electric fires features patented technologies. It is economical to run with high quality LEDs. The heater is thermostatically controlled with settings options. The fire is simple to use and can be operated manually, by remote control, or via WiFi using our dedicated Celsi app.

The flame picture can be used in isolation to the heat, and is a popular choice when no heat is required during the summer months, offering exceptionally low running costs.

Instant heat can be applied to a room at anytime with full thermostatic control.

FIREBEAM

NATURAL RANGE

Firebeam products offer a generous full depth fuel bed consisting of a naturally arranged real wood logs, embedded in 'Active Blazing Embers'. The fire realism is sensational, and the natural wood log arrangement is visually stunning.

This new generation electric fire effect is available in a range of contemporary beams and suites, each include integrated dimable LED lighting.

REAL WOOD LOGS

100% Real Wood Logs, natural, authentic, and unique. Accept no imitations!

Page 63
Firebeam Luminaire S600 Suite

Models include single wall mounted beams smartly framed by sleek glass with chrome fittings. Larger feature wall beams include our 'Firebeam XL' models, these require less wall depth for easy installation.

For a completely fuss-free installation our freestanding suites only require the need to place down and plug in.

All models are premium products with Integrated design features for optimal energy saving performance and assurance.

DISCLAIMER

Our policy is one of constant development and improvement. We therefore reserve the right to revise designs and specifications of our products without formal notice, patents pending. We always recommend our products be viewed in an approved showroom before purchase. Whilst we have taken every care in the preparation of this brochure it is not intended to replace the installation manual which provides more detailed information.

Photography is for illustration purposes only and although every effort has been made to ensure accurate reproduction of typical installations and flame pictures they may vary according to fire model and flue types.

We accept no liability for any loss or damage arising directly or indirectly from the use of this brochure.

We recommend that all our fires are used in conjunction with central heating and not as a primary source of heat.

In the interests of personal safety a suitable fireguard is recommended when children, the elderly and the infirm are present.

This brochure is copyright and must not be reproduced in whole or in any part without prior written permission.
